### Q1. Why should you be hired for this role?

I am a young adult who has a creative head to explore things around me. I worked on my project in the past.

I also love to brainstorm for ideas to make an excellent strategy for marketing a brand. I also designed a website for one project in the past. I have expert hands over canva and designing posts, and websites are my forte. Exploring the same domain in your company helps me gain experience and expertise in the same. I am good at working in a team. In the past, I worked with some seed startups where I worked on several profiles and designing was one of them.

I believe designing is the art of storytelling to the user who comes across it. I will make sure the design will be the effective crowd pull for your company.

I am adaptable to any working environment and always strive to make my mark in the group.

I am also learning HTML and CSS

Here are some samples of graphic designing work which I did in the past. 1. Link for work: [https://1drv.ms/u/s!AiPXKjoTbm52Z6z\\_hTaHrcUBaVE?e=FPpMD7](https://1drv.ms/u/s!AiPXKjoTbm52Z6z_hTaHrcUBaVE?e=FPpMD7) (Post is in the form of PDF so kindly look over it)
