Assessment

Q1. Why should you be hired for this role?

To begin with, I have been carrying out graphic designing for nearly 5 years now which ranged with small posters and brochures to large banners for various college events and private clients through my college years. Professionally I have been practising for 1 year and have handled various projects ranging from social media imagery to print media as well as explainer videos. As a hobby turned private business I digitally illustrate portraits and also paint customised canvas art pieces based on the client's special requests.

Q2. Are you available for 2 months, starting immediately, for a full-time work from home internship? If not, what is the time period you are available for and the earliest date you can start this internship on?

Yes, I am available for the stipulated time period and can start immediately on request.
