Education

MSc Health Psychology

Northumbria University, Newcastle upon Tyne, England, United Kingdom

2019

The program is a BPS-accredited Stage1 program.

- MSc Thesis:
A qualitative research paper investigating the shift in health behaviors (smoking, drinking, sexual, sleep, diet, and exercise) of international undergraduate and postgraduate students. The impact of the social circle on these health behaviors and their influence on self-esteem levels. Data was collected using semi-structured interviews and was analyzed qualitatively using thematic analysis in the NVivo program.
